## Cross

**Adaptable, open and generous, the Cross table is equally suited for the boardrooms, residential spaces or for collaborative work environments. Thanks to optional configuration arrangements it can serve as a temporary meeting ground for group gatherings or a communal work station with room enough to share. The table's substantial length, both minimal and architectural, features a sturdy structure with ample space to create.**

**Cross tabletops are available in various sizes and in both laminate and wooden finishes. Veneered natural oak and veneered wengé add warmth and a natural feel to Cross's superlative functionality. A taller, 105 cm height version is available in table and console tabletop options in two sizes in white Fenix® laminate. The 105 cm Cross creates a gathering point or workspace with optional socket towers. Myriad finishes and accessories make Cross table adaptable to any environment—for work, for home, for creativity.**

### Designer

Design by Metrica, 2014

The Italian design studio Metrica based in Milan have earned an international reputation for the unique approach to contemporary furniture design. Its services consist of a combination of Design, Product Development and Management of Business Strategy. Inspired by values as global mind-set, local codes, industrial vision, handcrafted design, it attests to the empathic design skills of Italian talent able to merge design sensibility, technical innovation and production techniques, combined with the Anglo-Saxon aptitude to apply a rigorous model of process management. Metrica, under the leadership of Lucio Quinzio Leonelli and Robin Rizzini,

places furniture design in a new value context resulting in a recognized global vision in creating and managing projects.

## Options and accessories

1

2

3

4

- 1 Socket tower
- 2 Electrification of the table leg
- 3 Linking leg
- 4 Cable passageway

It is possible to create a line made up of several Cross tables using tops featuring the same depth and fitted with the special connection leg (Art. 5014), while a couple of legs (Art. 5015) must be positioned at the table ends. For example, for a 6 m long table you will need 3 200x100 cm tops (Art. 4P00506) + 2 connection legs (Art. 5014) + 1 set of legs (Art. 5015).

1                      2

- 1 Linking leg (art. 5014)
- 2 Set of legs (art. 5015)
