

DUNA 02

arper

Duna 02

Like a soft, enveloping flower, the shape of Duna 02 evocative and contemporary. Born sixteen years ago, its iconic silhouette still sets it apart as a design classic, ripe for reinvention again and again. New plastic shell fabrication available in a new range of colors in polypropylene allows for a thinner, sleeker profile, a more delicate curvature and more sumptuous surface.

In addition to the fully upholstered and polypropylene version, Duna 02 is now available also in the front face upholstery version or with an accessory cushion for improved comfort. Duna's refined silhouette is complemented by the different types of base available, making this chair ideally suited for home and hospitality spaces. In addition to polypropylene, Duna 02 is also available in sustainably-made shell, a 100% recycled postindustrial material. This version is compatible with 4 leg base, in powdercoated steel or wood, and is available in anthracite color.

Designer

Lievore Altherr Molina, 2004

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively.

Lievore Altherr Molina have created some of our most influential and beloved collections, such as Catifa, Duna and Leaf.
