

### Technical features

#### Typologies

Folding tables.

Fixed tables.

Tilting tables.

#### Tops

20 mm thick rectangular table tops with laminate faced panelling and a chipboard interior, available in white, black, tele-grey, graphite, oak, grey oak, beech and eucalyptus finish with matching ABS edges. Other finishes on demand.

Available sizes: 140 x 80/100 cm., 160 x 80/100 cm, 180 x 80/100 cm, 200 x 80/100 cm.

The tilting table has a unique unlocking system for the table top, which can be placed into a vertical position so several tables can be stacked in a row.

#### Structure

Tubular steel central structure, 50 x 30 mm, with a semi-matt white RAL 9010, semi-matt black RAL 9005, gloss tele-grey RAL 7047, semi-matt silver or embossed bronze finish.

100 x 40 mm tubular steel legs with a semi-matt white RAL 9010, semi-matt black RAL 9005, gloss tele-grey RAL 7047, semi-matt silver or embossed bronze finish.

Folded sheet metal feet, which are always fixed for the fixed or folding table and with double swivel wheels (65 mm. diam.) fitted with brakes for the tilting table.

#### Accessories

Table top coupling system.

Corner connections.

Trolley for transporting folding tables.
