Technical Info EN

2014

Table system is based on a technical minimalist leg solution that does not need a structure and can be attached directly to the table top.

Having no structure and a table top thickness of just 5 mm it acquires great visual lightness. There are endless uses, finishes and formats with this innovative system.

Its "one mile" concept expresses how it can be used for breakfast in the kitchen, then working in the office, for eating in its restaurant version and later on for a meeting around it as a boardroom table and finally for dinner in the evening.

## Víctor Carrasco

Born in Valencia (Spain) in 1974, Víctor Carrasco began his professional career after graduating Cum Laude in Industrial Design Engineering at the Polytechnic University of Valencia.

Shying away from trends and fads, he has developed and positioned international brands with remarkable added value, thanks to his passion for synthesis, sustainable growth and his pragmatic vision of the future.

Since 2007, he has been combining his position as strategic director of Viccarbe with that of Director Business Development for the prestigious American multinational Coalesse (Steelcase Inc.). Likewise, as an industrial designer, he has collaborated with numerous international companies.

He was the recipient of the Prince Felipe Award for Business Excellence and he has also won the German Design Award.

## TECHNICAL INFO

Maarten is a collection of tables and complements that allows many compositions and finishes.

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

The legs are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, fluorescent orange, altea blue or a stained oak veneer with the finishes of our collection.

*NOTE: Due to the fact that the wood used is natural, the finish may vary.*

## CERTIFICATIONS

UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (table height 74).
